

FIGURE 1

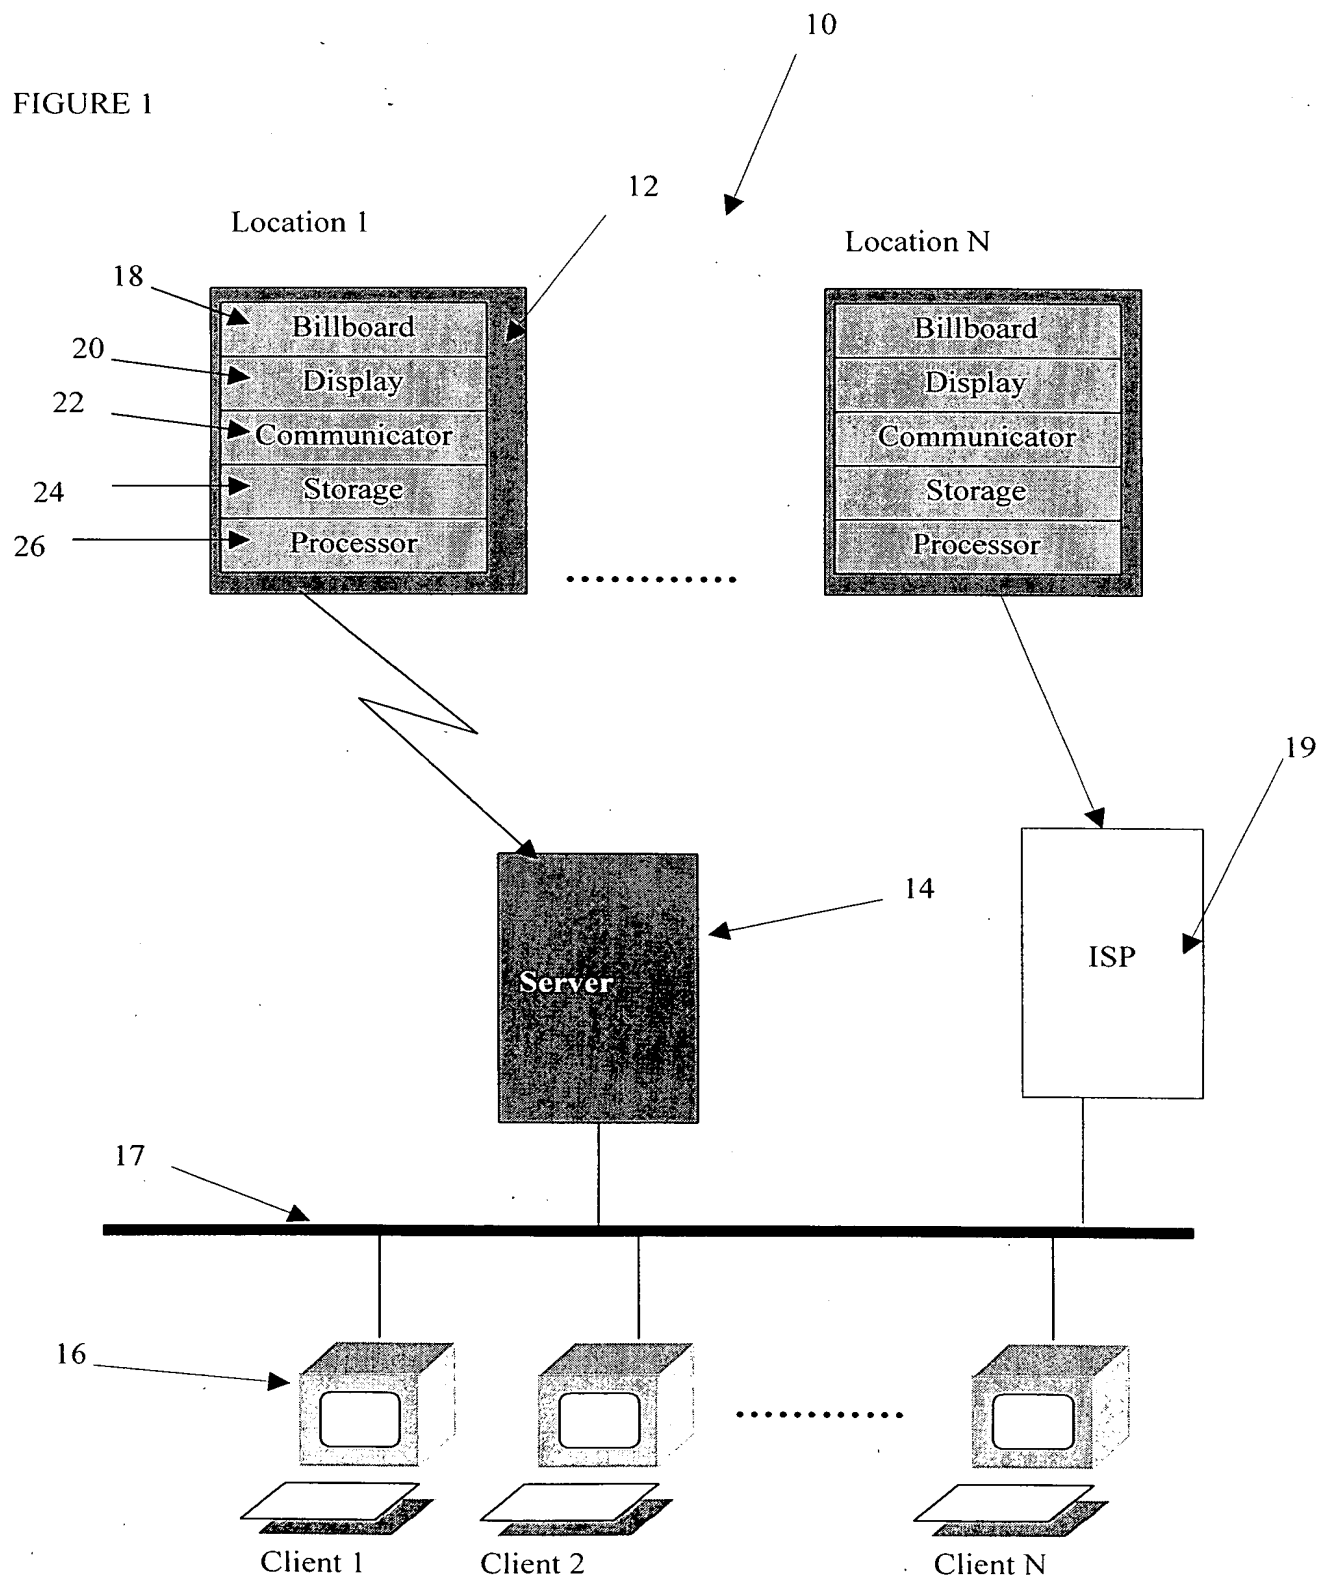

Figure 1 is a block diagram of a node architecture. A dashed box labeled "Node 1" (34) contains a stack of components. At the bottom is the "OS" (28). Above it are five modules: "Communications" (30), "Display S/W" (36), "Object Mgr" (32), "Local Ctrl" (38), and "FTP client" (12). Arrows indicate data flow between these modules and the OS.
